

UKCoRR Minutes 14/07/2011

Telcon meeting

Attendees: GJ, DT, NS, NC

Apologies: PS

Secretary – 100 words received from all people interested
2 weeks for members to decide – ending 31/07
NC to hand over and keep in contact with new secretary

GJ: OpenDOAR/ROAR replacement
Writing up membership survey – 75 respondents – no surprises
Training wanted/UKCoRR being visible/strong interest in future liaisons

UKCoRR mentioned at events/conferences
Mailing list comes first – website second – needs looking at possibly??
Important to use as many channels?

NC: has been in communication with interested parties re new secretary – expecting to do more during handover

PS: UKCoRR website - you'll have seen the reminder email I sent to Peter Millington yesterday about getting the domain transferred. If I haven't heard back from him by tomorrow afternoon, I'll give Bill a ring. I have had a couple of people (members, presumably) ask about replacing Graham's name with Gaz's --- Dominic you were going to see if you could make this tweak in the interim(?)

Blog nag --- for which thanks! --- I've a half-finished post on using social media to build Repo communities & to promote repository work (tying it in with UKCoRR's own new FB and Twitter presences). I'll get that published before Friday afternoon.

NS: blog problem – approval issues
Discussed Symplectic implementation

DT: EThOS board next week – report after
[NS: is there a best practice in digitisation? Some thesis files rather large]
Autumn event [November?] – DT to email Portsmouth
Find out dates of RSP event

Blogs posted – need to put things on Facebook

GJ: formally launch facebook page at Autumn event?

NS: blog re aggregated repositories

PS/NS: feeds between FB/Twitter/blogs etc?

Recruitment – good cover across UK – more visibility if more members?

UKCoRR mentioned at CILIP umbrella event

DT to mention at webinar and CRIS event

Strategic Plan – after membership report

Consider video conferencing again if difficult to meet up [possibly September 19?]

All still happy with telephone conferencing and keeping in regular touch via email

Thanks
