

UKCoRR monthly update October 2011

A warm welcome to the following **new members** to UKCoRR:

Matt Smith University of Southampton

Stephen Grace University of East London

That brings the total membership on October 31st to 256.

A reminder about the forthcoming **members event** on January 27th at the University of Portsmouth. Don't forget to book your place as they are limited. It's a full programme with presentations from UK RepositoryNet, KULTIVATE and EThOS plus workshops including one led by the Chair, Gareth Johnson on the future direction of UKCoRR. **Lightning talks** – there's still room for more volunteers to do a 10 minute presentation on what's happening at your institution. The talks should focus on addressing practical problems and issues at your institution – and it doesn't have to be about resounding successes. It's equally valuable to hear about initiatives that didn't go so well if we can learn from them. Contact me if you're interested.

Details and booking at <http://ukcorr2012.eventbrite.com/>

I'd also like to draw your attention to the [blog](#) – postings this month have included sustainability, deleting author's final copy, events in OA week and details of a Guardian live chat event. If you have a burning issue you want to post on , just contact one of the committee, details here: <http://www.ukcorr.org/contacts.php>
